## ANALYSIS

This is the first request for an Extension of Time of a previously approved Variance (VAR-18924) to allow six parking spaces where 11 spaces are the minimum number required for a 3,299 square-foot professional office building. Since the approval of the Variance (VAR-18924), one Code Enforcement case (70618) was processed for cars being stored in the yard at the subject site, which was subsequently closed by Code Enforcement. No building permits or business licenses have been issued for the proposed use.

Title 19.18.070 deems a Variance exercised when a business license is issued to conduct the activity, if required, or upon the issuance of a certificate of occupancy or approval of a final inspection.

## **FINDINGS**

The Variance (VAR-18924) has not met the requirements outlined in Title 19.18.070 to exercise the entitlement. There have not been any significant land use changes or new development in the surrounding area. The applicant is requesting an extension of time due to the current economic conditions in Las Vegas. Staff recommends approval of this request with a two-year time limit. Conformance to the conditions of approval of the Variance (VAR-18924) shall be required.
